FOR IMMEDIATE RELEASE

Insure Hive launches a new world class commercial lines instant phone quoting technology option for agency partners

Quoting Tool Increases Insure Hive's Footprint and Leadership Position as Trusted Market Access and Technology Platform for Independent Insurance Agents.

Ann Arbor, MI – July 10th, 2023 – Insure Hive, the trusted market access provider and premier online commercial lines quoting platform for independent insurance agents, today announced that they will deploy a new phone quoting system that instantly allows their agency partners across the U.S to quote and bind commercial lines policies over the phone in less than 10 minutes.

The new Voice technology platform is powered by, and policies are underwritten by the USLI family of companies.

“With this new exciting option for our agents we are bringing more speed and binding capabilities for our agents to make their jobs easier and more fun again”, said Brian Hannigan, CEO, Insure Hive.

Policies are available for main street businesses as well as hard-to-place commercial lines risks. This technology quoting tool comes at a great time as the industry is experiencing many headwinds with carriers non-renewing accounts and independent insurance agencies working harder than ever maintaining and growing their books of business.

Insure Hive is bringing much needed capacity for Lessors Risks, Artisan Contractors, Nail Salons, Barber Shops, Lawn care, Restaurants, even Liquor stores, Convenience stores and Gas stations and many other hard to place classes of businesses that have traditionally been out of appetite for admitted markets.

The best part for the agents is no login credentials or time consuming data entry work is required. Just pick the phone up, dial the Insure Hive quoting hotline and get instant quotes from an Insure Hive/USLI product specialist.

Available products are BOP (Business Owners Policies,) and General Liability in all 50 states.

About Insure Hive

Insure Hive was founded in 2018 as a technology quoting and binding platform for small commercial insurance that connects insurance carriers with local independent insurance agents to help them grow their books of business faster and easier than ever before. The platform is free for insurance agency partners and is the fastest growing market access provider in the United States.
