

**PRYZMIQ**

A **HOME INSPECTION TOOL**  
DESIGNED WITH **HOMEOWNERS**  
IN MIND

### FAST, SIMPLE, AND DESIGNED FOR HOMEOWNERS

PryzmIQ streamlines self-inspections so you can complete the process in under 45 minutes—without confusion or unnecessary steps.

### NO APP DOWNLOAD NEEDED

You don't need to install anything. PryzmIQ works entirely through a secure web link, making the process quick and accessible from any device.

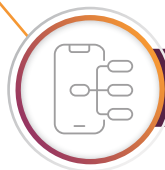

### CONVENIENT AND SAFE

Move through your home step by step without the hassle of climbing, crawling, or squeezing into tight spaces. A logical, room-by-room flow ensures a smooth and hassle-free experience.

### LET SOMEONE ELSE HANDLE THE INSPECTION

If you're unavailable or own a second home, you can send your secure inspection link to a trusted person.

### COMPLETE AT YOUR OWN PACE

Unlike other self-inspection tools, PryzmIQ automatically saves your photos and progress in real-time. If you need to stop midway, you can pick up where you left off instead of starting over.

### GUIDED CONCIERGE SERVICE

A dedicated team is available to answer your questions and provide real-time assistance throughout the inspection process.
