Whether you own a runabout, sailboat, or yacht, we know as you cruise across open water, you're where you belong. Being on the water is an experience of peace, of calm, and of new adventures on the horizon. It's an experience you want to protect.

Chubb offers some of the most comprehensive protection and services available so your time on the water is stress-free. With our Masterpiece coverage, we'll repair or replace your watercraft, and offer emergency towing if you need to get to shore. We'll also make sure you and your family have comprehensive protection and coverage from uninsured or underinsured boaters, so we can make you whole again should an accident occur.

Because at Chubb, we're all about leaving your cares behind once you leave the dock.

At Chubb, you're more than a claim. You're our client.SM

We look for ways to say yes.SM

If you experience a claim, we make sure you're made whole again quickly.

We look for ways to do more.SM

We provide comprehensive protection to suit your unique needs, and go above and beyond when it comes to protecting our clients.

We protect your experience on the water

Your watercraft is more than just a boat. We offer protection that's built and tailored to your needs at every stage of your experience.

If the unexpected happens, we're committed to getting you back on the water as quickly as possible. If your boat is damaged, we let you choose where the repairs happen – at your home marina, yacht club, or with mechanics you trust. And we won't make you settle for repairs of a lesser quality.

We won't stop there either:

You invested time and energy selecting the technology you use onboard – that's why we'll replace your radar/sonar systems* and built-in stereos with the same quality.

It's not a true boating experience without a little sport and fun. If you have water skis, scuba gear, or other equipment that are damaged, we'll pay for you to replace them at the retailer of your choice.

If you have high-end coolers onboard for food and beverages, fishing tackle, or other property to make your experience on the water enjoyable, we'll replace those too.

We look for ways to say yes

We make the claims experience faster with less fine print. And we've trained our adjusters responding to a claim to consult you within 24 hours, and if approved, to issue payment within 48.

Getting you back on the water quickly is our top priority

In 98 percent of all Chubb claims, our Claims Adjusters make contact within six hours or less of the initial report. And Claims Adjusters have the authority to pay claims, but can't deny a claim without a manager's approval. Because our Recreational Marine Claims Adjusters are focused solely on watercraft claims, they understand what needs to be repaired, so you're back on the water in no time.

You won't hear us say, "that's good enough"

If something needs to be replaced onboard, we'll replace the details too. If you've customized your watercraft with state-of-the-art technologies, custom furniture, or even a unique name and logo displayed on the hull, we'll pay to have them repaired.

You'll be treated with empathy

If something happens onboard, you deserve an insurer who treats you with empathy and compassion, and works quickly to make you whole. That's why if anyone is injured in an accident on the water, there's coverage for medical expenses*; or if your personal possessions are lost or damaged, we'll replace them to their full value.

We look for ways to do more

You'll benefit from our focus on prevention and protection

We'll make sure you have comprehensive, not patchwork protection. We look to prevent issues from happening in the first place – so if you need to move your vessel to safety because of an impending hurricane or tropical storm, there's coverage for the costs.

You'll partner with qualified professionals

Our team includes experienced marine specialists, many of whom are boaters themselves and who understand and share your passion for boating. Because we specialize in marine insurance and have a dedicated team who focuses solely on marine products, we can help you understand the different options available for you and select what's right for your situation.

Your team at Chubb will understand your needs

We know how important your time on the water is, so we work hard to make it easy for you. We offer the ability to combine watercraft of all sizes onto one single policy, and we'll automatically cover new watercraft you purchase for the first 30 days.

We go above and beyond the services in a standard contract and build solutions that go one step ahead.

Within the first six hours of a long-awaited vacation, Chubb clients discovered their boat had unfortunately landed on a bed of limestone rock, leaving them stranded in deep water nearly 20 feet away from the marsh. Their first call was to Chubb, who sprang into action and quickly coordinated with a local towing company to get a towboat to take them to shore. From there, Chubb worked with the surveyor and tow company to get their boat back home, and make sure they could get back to enjoying life on the water.

A Chubb client was spending time on his boat over the Thanksgiving holiday when, late into the night, it suddenly started to take on water. Chubb immediately stepped in to help. After getting him safely to shore, Chubb walked him through next steps to raise his boat and save his belongings. The next day, Chubb arranged for a surveyor to inspect his boat, staying in touch throughout the holiday and weekend. Every step of the way, Chubb was responsive to his needs — from taking his initial call to proactively coordinating monitoring and mitigation work to prevent engine damage.
